Technical drawing of a mechanical part, likely a bracket or support, showing dimensions and a detail view.

Main View Dimensions:

- Total width: 2440
- Central section width: $80 \times 29 = 2320$
- Top flange thickness: 40
- Bottom flange thickness: 60
- Central section width: 60
- Overall height: 15 + 30 = 45

Detail View (Right):

- Shows a cross-section of a hole with a diameter of 5 ($\phi 5$).
- Thickness of the part: 60
- Label: 2

-

- 

Technical drawing of a mechanical part. The front view shows a rectangular base with a width of 65 and a height of 74. A central rectangular feature has a width of 40 and a height of 10. Two circular holes are located on the base, each with a diameter of 15. The distance between the centers of the holes is 40. The distance from the bottom edge of the base to the center of the holes is 17.5. A side view shows a profile with a top width of 4, a bottom width of 8, and a curved transition with a radius of 9/16.

-
- A 3D model of a hinge assembly, showing two rectangular plates connected by a central cylindrical pin. The plates have rounded corners and two circular holes each, for mounting. The pin is shown in a slightly offset position to reveal the internal structure of the plates.

- 

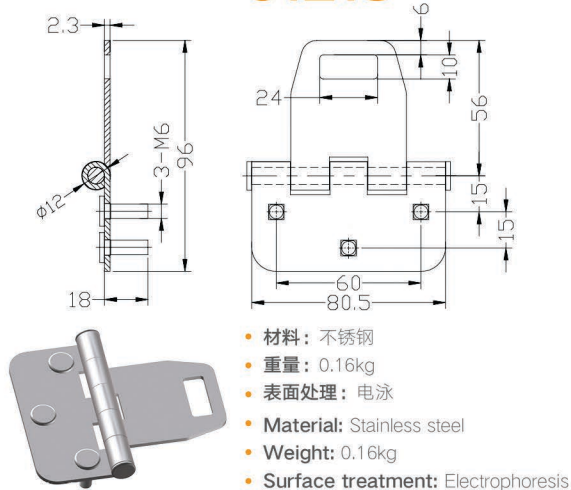

Technical drawing of a metal profile. The overall length is 1000mm. The height is 140mm. The distance between the centers of the mounting holes is 580mm. The diameter of the mounting holes is 4mm. The profile has a series of mounting tabs and slots along its length.
